SUMMARY

Self-made billionaire and founder of the Virgin Group, with a track record of creating and growing successful businesses across multiple industries. Passionate about entrepreneurship, innovation, and making a positive impact on the world.

EXPERIENCE

Founder and CEO

Virgin Group

1970 - Ongoing London, UK

Founded and currently leads the Virgin Group, a diversified conglomerate with over 400 companies in various industries.

- Launched Virgin Atlantic, Virgin America, Virgin Australia, and Virgin Nigeria, growing the company's airline business to become the 10th-largest airline in the world.
- Expanded the Virgin brand into other industries, including music, mobile phones, financial services, and health and wellness.
- Developed and nurtured a strong company culture that values entrepreneurship, innovation, and making a positive impact on the world.

Founder and Chairman

Virgin Galactic

2004 - Ongoing Las Cruces, New Mexico, USA

Founded and currently leads Virgin Galactic, a company developing commercial spacecraft for space tourism.

- Developed the SpaceShipTwo suborbital spacecraft and its carrier aircraft WhiteKnightTwo.
- Conducted successful test flights of the spacecraft in 2018 and 2019, and on December 13, 2018, VSS Unity, the second SpaceShipTwo spacecraft, conducted its first manned test flight.
- Working on developing satellite launch service with LauncherOne
